

Graduate Program 2021

+ About Mann Group Vic.

Mann Group are fast becoming Victoria's premier demolition contractor of choice, having established a solid and sought-out reputation for our progressive approach to demolition.

Our mission is to elevate the demolition industry to a new level by driving innovation, education and dedication, we work consistently to advance our team above that of the competition to unceasingly deliver projects safely, to budget and on time.

+ Careers.

Mann Group is *the* place to progress.

We have the belief that the workplace should have an inclusive culture and provide support to develop each employees' abilities. When you join the team at Mann Group you will get:

- + real world demolition experience
- + ongoing support and training
- + professional development and career progression opportunities

+ Our Graduate Program.

With on-the-job mentoring and guidance from a Senior Project Manager, participants of the program will experience all facets of a demolition project from Site Engineering through to Project Management . A hands on approach will see you learn industry-best practices, real-life skills and direct exposure for the best possible career progression opportunity.

"We understand that our capability is a reflection of the people we employ and that they are our greatest asset."
